Chicago's # 1 Promethean Reseller

708-799-3400

www.mbschicago.net

Multiple Business Systems is a 19 year old company that is vertically integrated to ensure quality and accountability throughout the entire process: Sales, delivery, installation, professional development, and on-site service repair.

About Us

Multiple Business Systems is the #1 Promethean reseller in Chicago. 1 in 9 Chicago Public Schools have chosen Multiple Business Systems as their trusted provider.

Why? It could be that MBS is the only Promethean reseller in the Chicago area that is vertically integrated to maintain quality throughout the entire process.

Whether it is Our Promethean sales team, Transportation crew, Installation team, on-site repair technicians, or Professional Development Trainers; our employees will see you through the entire process to ensure a successful implementation that gets academic results.

Multiple Business Systems is made up of Chicago Public Schools Alumni:

The President and CEO is product of CPS

70% of Multiple Business Systems' employees are a products of CPS

30% of Multiple Business Systems' workforce live in Chicago

This alumni relationship is one of the reasons why Multiple Business Systems is dedicated to making a positive impact in the Chicago Public Schools.

Multiple Business Systems is large enough to provide your school the quality comprehensive support you deserve, yet small enough that your business really matters.

MBS has been serving CPS for over 10 years
and is in the top 10% of CPS vendors.

MBS is family owned and operated. With a solid reputation built on integrity and commitment; we take pride in everything we do.

Call us at 708-799-3400 or visit us on the web at www.mbschicago.net

“ one call solves it all”

Why Promethean?

Promethean is a world leader in the rapidly growing global market for interactive learning technology.

The ActivClassroom by Promethean is an integrated system of hardware, software, content, training, resources, and support designed by educators for educators.

Durability: The Promethean interactive whiteboard is designed to have a 15 year useful life expectancy. The Promethean ActivBoard can be scratched with a sharp object or hit with a hammer and will still operate.

Results: The ActivClassroom is proven to improve instructional results. Dr. Marzano's research, (a 2 year study of 4,913 Students of 123 teachers in 73 schools, across 36 districts) has demonstrated the Promethean ActivClassroom can improve student achievement on average by **16 percentile** points.

Software: Promethean's ActivInspire and ActivOffice software allows teachers to use one program to manage all of the technologies in the ActivClassroom..

Community: ActivClassroom educators are supported by a network of more than 1 million teachers around the world through www.PrometheanPlanet.com .

Free Content: Promethean Planet has over 50 thousand free lesson plans and activities for teachers to use in the classroom. More than all other hardware companies combined.

Content: Many of the world's best educational resource providers like Scholastic, Brain POP, McGraw-Hill and Pearson choose to deliver their content through Promethean's ActivClassroom.

Resources: Professional development: We train teachers how to make The ActivClassroom work for them not just how to use a bunch of tools.

Focus: Promethean is created by teachers for teachers.

Efficiency: The ActivClassroom saves time. Assessments are done real time and can be exported to Excel spreadsheet and imported into GradeBook.

Return on investment: This system will increase efficiencies in teaching and increase academic achievement.

Flexibility: Your ActivClassroom is custom designed to fit your teaching preference and the students learning style.

Integration: All of Promethean's products are designed to work together seamlessly.

Warranty: We stand behind our product with a 5 year warranty.

Support: Multiple Business Systems provides a single point of contact for all support. From project management, installation, training, and on-site repair,

ActiveExpressions Ala Carte (non Marzano results)

ActiveExpression V2
32 students units

ActiveExpressions : Advanced Learner Response Units
Allows students to answer True/False, Multiple Choice, Likert Scale, and Texting words and sentences.

Instantly grades and graphs all answers.
(bar chart, pie chart, text), allows the teacher to instantly know if the class understood the lesson.
Allows for real-time RTI.

Data is stored for later review. Teachers can see student by student, question by question how the class is performing.

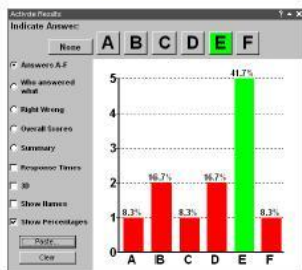

Provides every student a voice.

Provides teachers the data they need to make a difference.

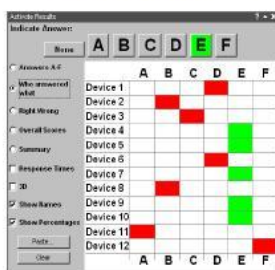

Can export results to Excel and Gradebook. Prints results in reports.
Teacher time is spent analyzing data instead of grading exams.

Self Paced assessments allow the teacher to send a full set of questions to the students devices. Students answer the questions at there own rate. Self leveling option allows questions to be tailored to each student. As a student masters one level they are automatically sent more challenging questions at the next level.

Ala Carte (non Marzano results)

ActivEngage and ActivEngage Mobile, are the software versions of the ActivExpressions. They have been designed to operate on a variety of hardware Platforms.

ActivEngage runs on Windows and based Mac Computers and laptops.

ActivEngage Mobile runs on Ipads, Iphones, Ipad touch, Android Smartphones, and Android tablets.

Just like the ActivExpressions, ActivEngage allows students to answer True/False, Multiple Choice, Likert Scale, and Texting words and sentences. It instantly graphs and grades all answers. (bar chart, pie chart, text) which, allows the teacher to instantly know how the class is performing. With self paced and self leveling assessments teachers have the data to do RTI.

ActiView:

Promethean's answer to the Elmo. This Document Camera allows objects to be displayed and manipulated real time. Students can share their homework with the class with ease.

The ActiView comes with a remote control to all hands free control of the camera.

ActivSlate: wireless remote control for the ActivBoard. Allows teacher to operate the board from the back of the classroom.

Custom Classes are available.

The Marzano Report

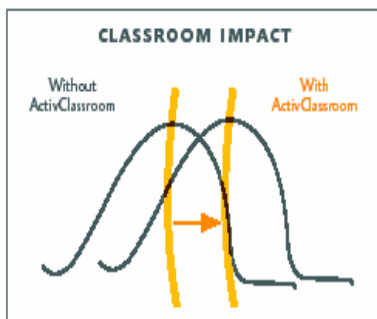

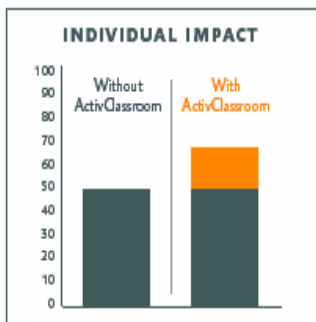

“Evaluation Study of the Effects of
Promethean ActivClassroom on Student Achievement”

Study Findings:

Students of teachers with minimal teaching experience
can expect a 16 percentile gain in academic achievement.

A 29 percentile gain can be expected when the teacher:

- Has 10+ years of teaching experience
- Has used the technology for 2+ years
- Has a high confidence level in using the technology
- Uses the technology for 75-80% of classroom instruction

2 Year Study of:

4,913 Students of 123 teachers in 73 schools, across 36 districts.

ActivSound Teacher Microphone System

ActivSound One: is our entry level portable distributed classroom sound system. The speaker is placed in the back of the classroom and the teacher wears a pendant microphone. Students in the back of the room can hear the teacher as well as the students in the front row.

Studies show that student achievement is increased by the use of distributed classroom sound systems.

Since 75 percent of the school day is spent listening, how well children hear their teacher affects how well they learn. Students can achieve at higher levels when they can hear clearly and don't have to strain and guess at what the teacher is saying. (Cole, 2006; Ross & Levitt, 2002). Dahlquist (1998)

Teacher benefits include reduced vocal strain and voice fatigue. Schools using classroom amplification systems have reported significant decreases in teacher absences due to voice-related problems.

ActivAlert Products Classroom Safety Alert

School Monitoring System

As soon as the alert is sent, the monitoring station signals the alert both visually and audibly utilizing a solid state flasher / strobe and piezoelectric sounder. The screen displays the alert message with date and time stamp. Provides the quickest response. Multiple monitoring stations can receive alert simultaneously. Video or Audio from the classroom can be accessed online.

Classroom Sound Only Alert

Classroom Sound And Video Alert

Converts ActivSound 200 into a networked alert system with sound. When Pendant button is activated alert is sent to the monitoring system and to emails addresses you select.

Allows monitoring of audio from the classroom via a web browser.

Converts ActivSound 200 into a networked alert system with Video and Audio. When Pendant button is activated alert is sent to the monitoring system and to emails addresses you select. The camera is activated and automatically starts recording. Allows monitoring of Video and Audio from the classroom via a web browser.
